CERTIFICATIONS

- PeopleCert Software Developer Java (Foundation Level)
- PeopleCert Software Developer Java (Advanced Level)

MILITARY SERVICE

- Fullfilled military obligations

Orestis Tanis

Entry Level Full Stack Developer

HERE'S MY STORY:

I'm a chemical engineer with 2 years of experience in web and game development. Being hard working and highly motivated, I have designed and developed several applications and participated in group projects during Coding Bootcamp in leading positions. As an engineering graduate, I bear the mindset of an engineer, always ready to tackle and solve problems.

EDUCATION

Coding Bootcamp, Java Stream - PeopleCert Education

March 2020 - June 2020

- 500 hours of intensive training in Software Development, organized by PeopleCert (www.peoplecerteducation.org) and HEPIS (www.hepis.gr). Developed under the academic supervision of the Athens University of Business and Economics (AUEB).

PhD Candidate, Biospectroscopy, Department of Chemical Engineering, National Technical University of Athens

Feb 2017 - Present

Bachelor & Integrated Master of Engineering (MEng), Department of Chemical Engineering, University of Patras

Sep 2007 - Mar 2016

PROJECTS (More at my [portfolio website](#) & [github account](#))

Vicky Mamareli Photography Online Portfolio

React, Bootstrap, Firebase

A webapp consisting of two separate react apps, a mini-cms for the photographer and the actual portfolio website.

AirQuality Java, Spring Boot, Spring Security, Spring Data,

Hibernate, MySQL, React, Bootstrap, JavaScript Web Tokens, REST

A webapp that consists of an e-shop selling air quality sensors and a measurements data analytics service. A group project in the context of Coding Bootcamp.

The Green Leaf Angular 8, Bootstrap, Firebase

A simple e-commerce webapp about an organic supermarket.

Revision - Revisit Your Knowledge (Ophthalmology) C#, Unity

An educational android application designed to help medical students and professionals test their knowledge in ophthalmology either for exam preparation or plain curiosity purposes. Developed in collaboration with an ophthalmologist.

MASSIVE OPEN ONLINE COURSES TAKEN

- Coursera: Front-End Web UI FrameWorks and Tools, The Hong Kong University of Science and Technology (2 Courses)
- Coursera: Game Design and Development, Michigan State University (4 Courses)
- Coursera: C# Programming for Unity Games, University of Colorado System (3 Courses)

HONORS & AWARDS

Scholarship from Special Account for Research Grants (E.A.K.E), National Technical University of Athens (N.T.U.A), for the Academic years 2018/19-2020/21

As a PhD Candidate, I won a 3-year scholarship (annual renewals), funded by the Special Account for Research Grants (E.A.K.E.).
